

PROJECT DEVELOPMENT PHASE

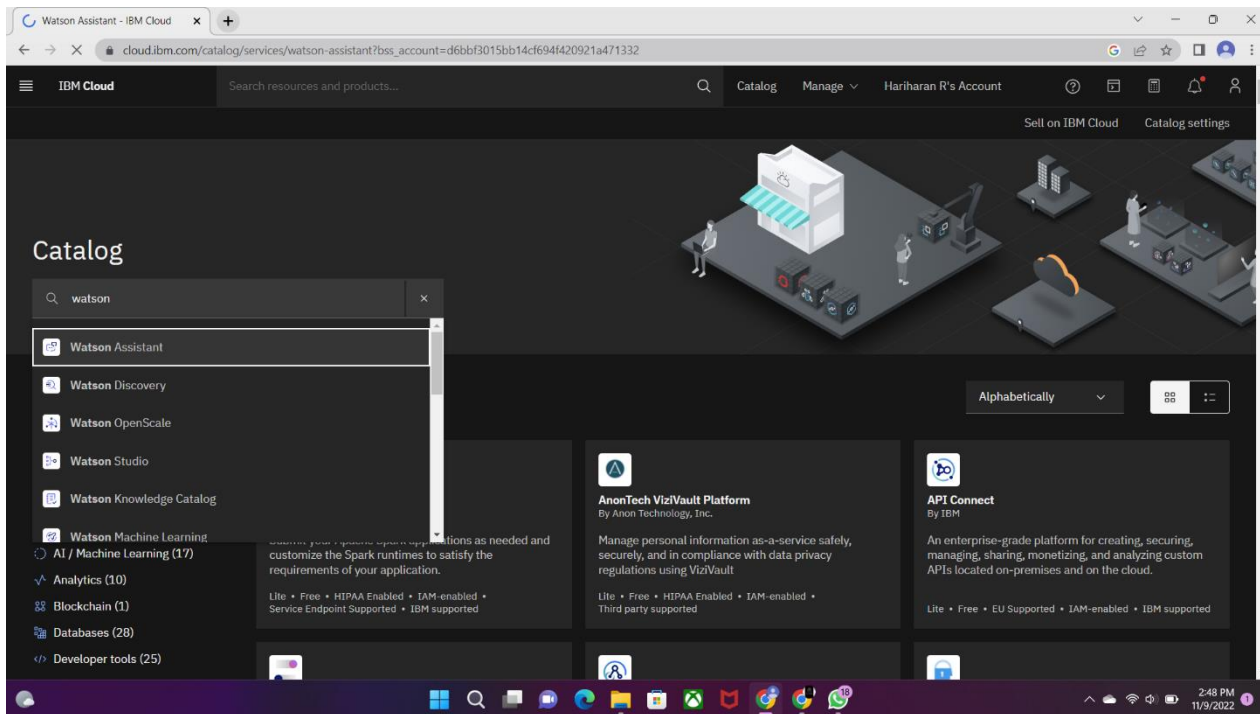

SPRINT - 1

TEAM ID	PNT2022TMID08538
PROJECT NAME	AI BASED DISCOURSE FOR BANKING INDUSTRY

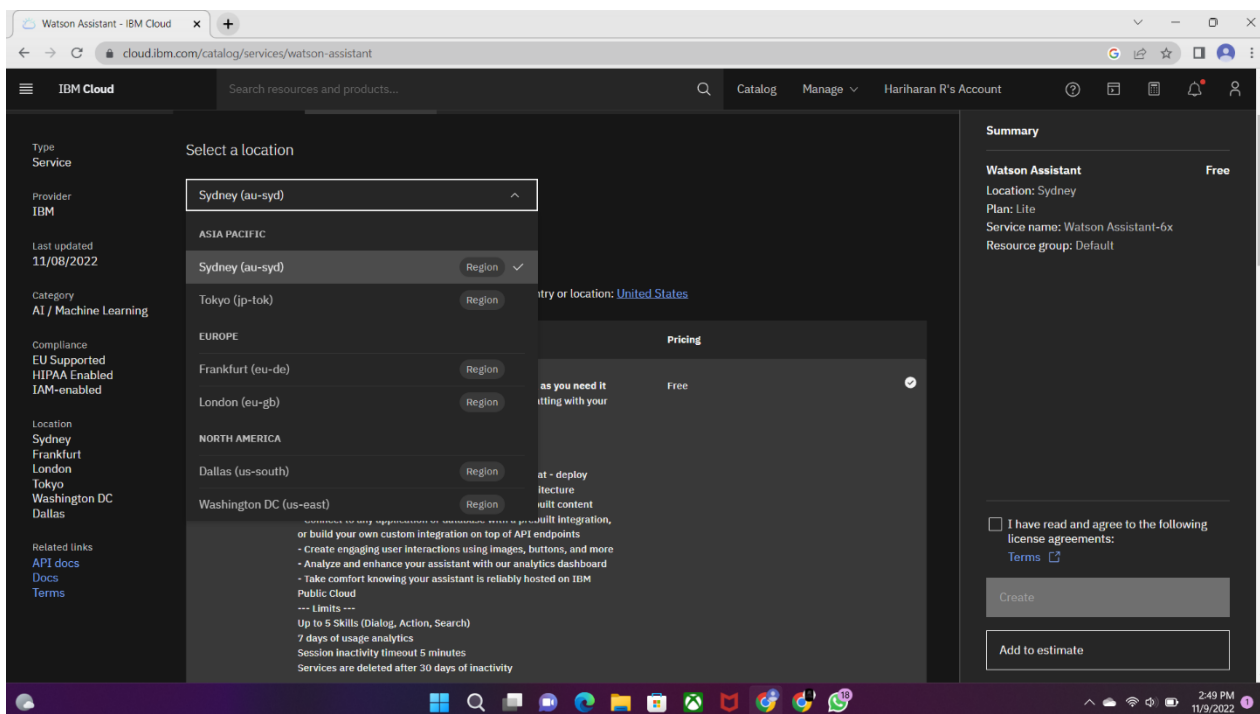

Create IBM Watson Assistant Service

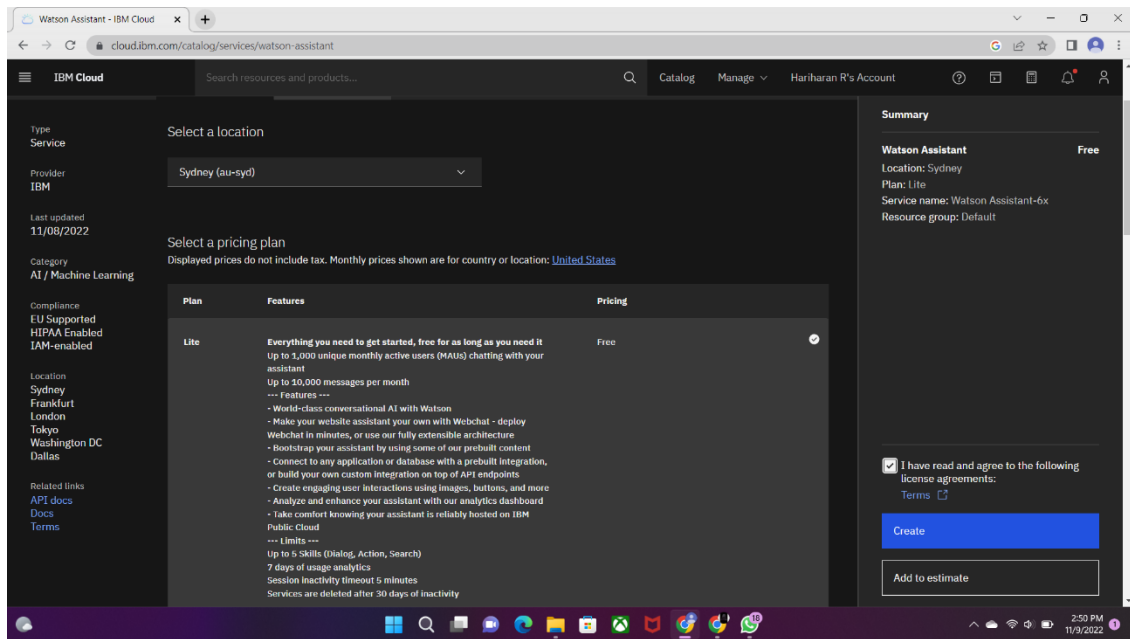

Step 1: Login to your IBM cloud account. Choose Watson in the catalog.

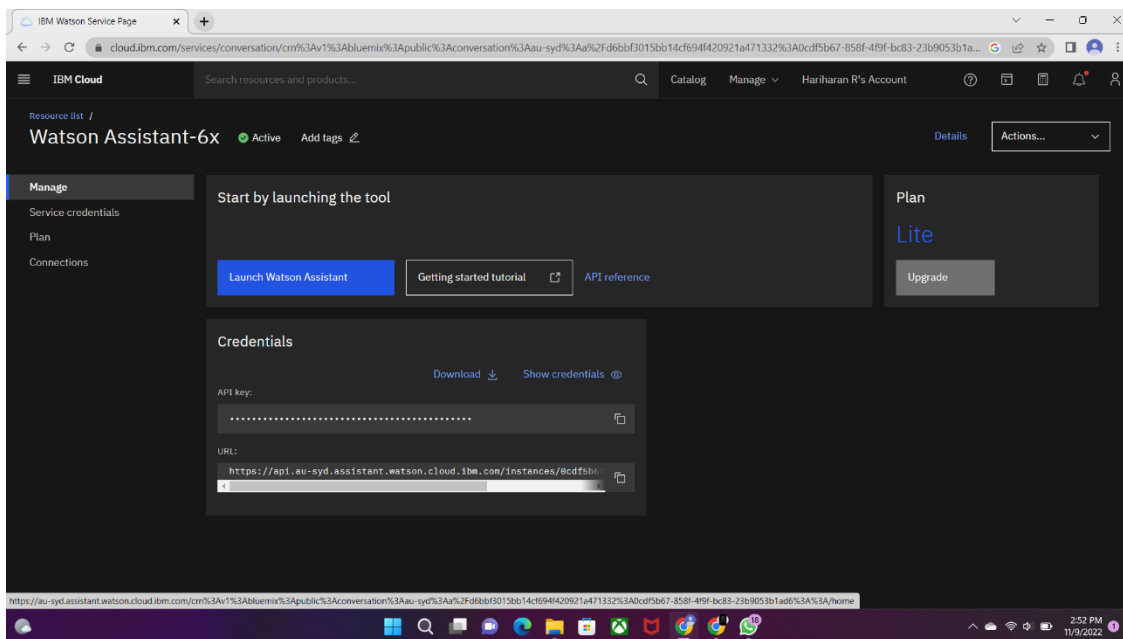

2.Ensure that “Dallas” is selected as a region click on create

3. Upon successful login to the cloud, you will be on the "Watson Assistant" page. Click on Launch Watson Assistant.

Create Watson Assistant

The screenshot shows a web browser window with two tabs: 'IBM Watson Service Page' and 'IBM Watson Assistant'. The active tab is 'IBM Watson Assistant', showing a URL that includes a long alphanumeric string. The page header is 'IBM Watson Assistant Lite' with an 'Upgrade' link. The main heading is 'Welcome to the new Watson Assistant' with a 'Next' button. Below this is a progress bar with four steps: 'Create' (active), 'Personalize', 'Customize', and 'Preview'. The 'Create your first assistant' section contains instructions and three input fields: 'Assistant name' (with an example 'Banking Bot'), 'Description (optional)' (with a character count of 0/128), and 'Assistant language' (set to 'English (US)').

IBM Watson Assistant Lite Upgrade

Welcome to the new Watson Assistant

Create Personalize Customize Preview

Create your first assistant

Let's get your assistant up and running. Name your assistant, add a description, and choose a language. In following steps we'll gather more information, show you basic customizations, and give you a preview of what your assistant will look like.

Assistant name

Example: Banking Bot

Your assistant name will be kept internally and not visible to your customers

Description (optional) 0/128

Add a description for this assistant

Assistant language

English (US)

This is the language your assistant will speak.
